

First Grade- Lesson 3 Assessment Rubric

Teacher observations of tasks with rubrics as listed below, as well as collected work samples.

Assessment Guidelines	3 = P (Proficient)	2 = S (Satisfactory)	1 = NW (Needs Work)
1. Student identifies how weather impacts a landscape, particularly rain/erosion through the watershed simulation task.			
2. Student begins to understand the concept of a watershed through the mapping activity. Student will understand how different animals living in a watershed depend on its health and services.			
3. Student collects data from the watershed simulation and shows how erosion impacts the health of a watershed.			
4. Student represents through pictures, the relationship different animals have to watersheds and the importance of maintaining the health and function of watersheds for their welfare.
